Is the Kentucky Workmen's Compensation Law, Says Court of Appeals.

Frankfort, Ky., December 11.—The Court of Appeals this morning, in an opinion by Special Judge J. L. Dorsey, held the workmen's compensation act unconstitutional. Judge Miller writing a dissenting opinion, in which Chief Justice Hobson and Special Judge Lassing concurred.

Judge Miller said in dissenting the opinion of the majority makes it impossible for the Legislature to pass any effective workmen's compensation act under our present constitution. "It is urged the act is compulsory in that it effect it compels an employer and employee to accept its provisions under penalty of losing their rights under Section 51 of the constitution.

Russian Resistance Around Lodz Far From Subdued, Says Berlin.

Berlin, December 11.—(Wireless via Sayville)—The latest reports from the fighting around Lodz shows that the Russians' resistance there is by no means broken. WOULD DISORGANIZE GREAT SYSTEM. LET WELL ENOUGH ALONE.

Editorials protesting against the proposed "contract system" for handling the rural free delivery service continue to pour into Congress from all papers. If there is a newspaper in the country that approves of the suggested change it is yet to be heard from, and there is no mistaking the chorus of emphatic disapproval.

Postmaster General Burleson is fishing for minnows when he advocates the contract system. He now recommends that the delivery of mail on rural routes be left by contract to the lowest bidder instead of being done as now by a salaried force appointed after examination. Mr. Burleson may have given this matter some thought or he may not. At any rate his proposition would result in saving some dollars, but destroying the efficiency of the service. Followed to its logical conclusion, he should also propose that city delivery be done by contract and low bids, and he might even appoint postmasters the same way. Incidentally, it may be remarked that some people are of the opinion that Mr. Burleson has not helped the administration a great deal, if at all, by his conduct of the office he fills.

Economy is admirable, but not at the expense of the service.

Let Congress determine what is a fair price for delivering the mail over a certain number of miles, under certain conditions, and then employ a man to do the work at that price.

The rural carriers earn all that they get and the Postoffice Department would be self-supporting, even with the carriers getting what they now receive if it did not have to carry a lot of expense from the other departments. Congressmen and various officials, including cabinet officers, "Fish for whales, Mr. Burleson, let the minnows go, at least till they grow bigger."

The rural free delivery system is working admirably, in fact it is one of the most useful and most successful of the government agencies. It was made for the benefit of the rural, or farming, people, and it is serving them acceptably.

It was not established as a money-making, or a money-saving business, but to give the country people prompt mail delivery and efficient service and it is doing it.

Go slow, Mr. Burleson, and Congress, and let well enough alone.

Mr. Farmer has a vote and he generally uses it in his behalf. He deserves the same mail delivered at his door as does Mr. Merchant. The contract system never will give him the up-to-date system he now enjoys.

Remember the days of the star-route contractors, those hyenas who dipped Uncle Sam and preyed upon their low-priced hirings.

However, let Mr. Burleson go ahead with his rat-killing and if he puts over this old-fangled scheme in this age when efficiency is the standard, he will be some Kaiser himself.

And again: Why not put the city carriers under the contract system also?

And the postoffices, too, they could also be put up to the highest bidder.

And why not put the office of Postmaster General up to the lowest and best bidder?

Mr. Burleson, when you start at it, go on down the line.

It's a wonder Secretary Bryan doesn't charge Uncle Sam for the extra heavy time he is now putting in. Government work must be an awful strain on the "Great Commoner."

What a Christmas gift is in store for the millions made miserable by the senseless war in Europe!

DER KAISER IS FIGHTING FOR PEACE (?) HE SAYS.

In a recent speech to his army, Emperor William said:

"You are fighting for a just cause, for liberty for the right to exist as a nation, and for a future of prolonged peace," said the Emperor. "Even though the war should last for a long time, we shall not allow the enemy to have a moment's quiet."

"We shall continue to fight with success, as heretofore, for Heaven is on our side. With God we shall achieve a prolonged peace, for our nerves are stronger than those of our enemy."

"Do you give your wife a kind word occasionally?"

"Plenty of them, but they don't entirely satisfy my wife. She also wants money."

OUR CITIZEN'S DEMAND

Fully Compiled With—A Maysville Resident Furnished It.

There are few items which appear in this paper more important to Maysville people than the statement published below. In the first place, it is from a citizen of Maysville and can be thoroughly relied upon. In the second place it adequately proves that Doan's Kidney Pills do their work thoroughly and not temporarily. Read this carefully:

Frederick Dresel, 1238 E. Second St., Maysville, Ky., says: "I was troubled with inflammation of the bladder and annoyance from my kidneys. The passages of the kidney secretions were irregular and I had a severe pain across the small of my back which interfered with my duties. When a friend advised me to try Doan's Kidney Pills, I got a box at Wood & Son's Drug Store. Since taking them I have had no trouble. All I said about Doan's Kidney Pills before, still holds good."

Mr. Dresel is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Dresel had—the remedy backed by home testimony, 500 all stores. VIRGINIA GIRL

GAINED 15 POUNDS

Was So Weak and Thin, Thought She Was Going Into Decline. Tells How Vinol Helped Her.

Norfolk, Va.—"My health was very poor. I suffered from nervousness, had no appetite and was so thin, I thought I was going into a decline, and nothing I took seemed to help me until one day a friend came into my office and told me if I would take Vinol it would do me lots of good.

"I have now taken six bottles and have gained fifteen pounds; have a good appetite and can eat anything. It is wonderful what Vinol has done for me in building up my health. My own friends hardly know me and when anyone comes into my office the first thing I begin to talk about is Vinol." —MATTIE DUNNING, Norfolk, Va.

The testimonial writers which we are continually publishing prove the value of Vinol, our delicious cod liver and iron tonic, and what it did for Miss Denning it will do for any thin, tired, nervous, run-down, worn-out man or woman.

If we can induce you to try a bottle of Vinol as a body-builder and strength-creator, and you do not find it is all we claim, we will return your money on demand.

John C. Pecor, Druggist, Maysville, Ky.

FIFTY YEARS AGO IN CINCINNATI December 9, 1864. (Commercial Tribune)

The weather turned cold yesterday, a cold wind and snow sweeping over the city during the day. Last night the mercury registered 20 degrees above and it likely will be colder this morning.

Colonel Durbin Ward of this city, commander of the Seventeenth Ohio, who was severely wounded at Chickamauga, has resigned and is now residing quietly in the country near here.

Ninety-two officers of the Federal army left last night for the South, there being several hundred men on the various packets, fourteen of which arrived in the city and ten leaving for other points.

Bandits along the river who have been shooting at packets are warned that the Federal authorities are disgusted and have determined to make travel safe. Heavy guards will be placed along the river between this city and Louisville.

The Kentucky Legislature has been served with pre-emptory notice that it must meet on January 5 and immediately proceed to the election of a United States Senator.

The New York gold market continues strong, the close yesterday being on basis of \$2.40. Local graines were unchanged, closing at previous quotations.

FARM AND STOCK NOTES.

Dan Patch gained five 2:10 performances in 1914.

St. Louis has sold over \$2,000,000 worth of horses since its horse show, John R. Townsend of Goshen, N. Y., a prominent horseman, is in Kansas City, buying horses for the French government. Reports say that he has purchased in the neighborhood of 10,000 head of horses and mules.

Bob Anderson of Jackson, Tenn., snapped his famous 3-year-old colt, Euclid, to J. B. Warthen of Memphis, who purchased it from Mr. Anderson, paying him \$3,500 for the colt, which, it is said, is the highest price ever paid for a Madison county horse.

Horses broken suitable for war service have advanced \$20 in price since the outbreak of hostilities in Europe, and prices of young horses not yet trained have advanced \$17 each. The effect of the war has also been seen in an advance in the prices of food-stuffs.

Mrs. J. A. Butts of Edenwald, Tenn., purchased of Wilson Bros., of Cave City, a very high-class show mare, Kentucky Queen. The price paid was \$2,000.

Pneumonia has caused the death of over fifty horses out of a batch of 742 purchased by agents of the French government for light cavalry service and brought to Montreal, Canada, from Texas. It is feared an equal number may succumb. The animals on their arrival were placed in a shed on a steamship pier.

Horses and mules valued at \$2,400,000 have been shipped from the National Stock Yards, East St. Louis, Ill., to the French and British governments since the war began, according to a statement given out at the yards. The English have bought 5,020 horses, and the French 7,476. The average price was \$200 a head. Contracts have been let for 8,000 to 13,000 additional animals to be shipped from East St. Louis.

BEAL LAW ELECTION.

Manchester, O.—Manchester will hold an election under the Beal law January 5. At the November election 418 votes were cast with a "dry" majority of 109, but many persons did not vote on the amendments. Adams county voted "dry" under the Rose law in 1908 by 2,000 majority. All the saloons that have been in Adams county for more than ten years have been located at Manchester. So far the "wets" have made no attempt at organization.

HOW MANY IS A BILLION?

(Kansas City Star.)

I wonder if we realize when we talk of a billion dollars what an enormous amount of money it is and how long it would take an expert counter of coins to manipulate them. You can scarcely follow the motions of his fingers as he shifts the coins from one pile to another and counts them. The treasury experts will

count 4,000 silver dollars an hour and keep it up all day long, but that is their limit. Working eight hours a day, then we expert counter of coins will count 32,000 silver dollars in a day, but how long will it take him at that rate to count a million dollars? Thirty-one days. But that is only the beginning of the measurements of great figures, for if this same man were to go on counting silver dollars at the same rate of speed for 10 years he would find that he had counted only 100,000,000 of them, and that to count a billion of them would require 102 years of steady work at the rate of eight hours a day during every working day of every one of the 102 years.

OORA WILSON STEWART KENTUCKY'S GREATEST PRODUCT.

(Owensboro Messenger.)

Mrs. Oora Wilson Stewart should have been heard Tuesday evening by not less than 1,500 Owensboro citizens. Her address merited the consideration of every thinking person that could possibly get within hearing. There has

never been a more eloquent appeal voiced in Owensboro for the help of one's fellowman in his most dire distress than was given by this brilliant woman. It is small wonder that with a woman of so high practical ideals as Mrs. Stewart there has been given an impetus to a movement that has already attained nation-wide scope. Kentucky is indeed fortunate in having produced a Oora Wilson Stewart. Rowan county will go down in history as having been the birthplace of "moonlight schools."

EX-LIEUTENANT GOVERNOR ALFORD DEAD.

(Owensboro Messenger.)

Lexington, Ky., December 10.—Mitcheil Cary Alford, lawyer and capitalist, and Lieutenant governor with Governor John Mason Brown from 1891 to 1895, and defeated for the Democratic nomination for governor in 1895, at a convention which chose P. Watt Hardin, died in a hospital here last night from pneumonia. Alford was born in Fayette county, near Lexington, July 10, 1855.

"Don't you think women are naturally more courageous than men?" challenged the champion of her sex.

"Of course," said the horrid tyro. "No man would ever dare to get off on the way the average woman does."

Nervousness, nausea, heartburn, pain in pit of stomach, and a feeling of fullness after eating, are sure symptoms of stomach trouble, and should be given the proper treatment, as your strength and health depend very largely upon your food and its digestion.

WOMAN PASSED A NUMBER OF "COLD CHECKS."

(Ashland Independent.)

A woman who is described as being between 30 and 35 years of age, about 5 feet 6 inches in height, with black hair and black eyes, neatly dressed, has been having a successful time within the past few days, passing "cold checks" on merchants in Ashland and suburbs. Just how successful the woman has been is not known, but three merchants have reported to the authorities that they are victims of the woman.

A. J. Brown of Thirteenth street, cashed a check for "Mrs. Mae Taylor," as she called herself, for \$27, giving her a raincoat and other wearing apparel valued at \$14.50, and \$12.50 in cash. The check she gave him was made payable to "Martin Jones," and signed by John Black.

Lee Morrison of Oakview gave "Mrs. Charles Roberts" \$20.40 in cash and \$3.00 in merchandise.

Charles Abair of Twenty-ninth and Carter streets, cashed a check for \$27 for "May Anderson."

Mr. Brown appeared before Judge Kennedy this morning and swore out a warrant for the woman's arrest and stated that he and Mr. Morrison would pay \$25 reward for the arrest.

TOBACCO

on our opening sale did not sell up to the expectation of a number of sellers, due in a measure to the extremely soft condition of a large percentage of the Tobacco on sale.

In some instances, however, we had expressions of satisfaction, and we confidently believe the difference between the "Growers' Ideas" and the present market will adjust itself as soon as Tobacco begins to appear in good merchantable order. We anticipate a free movement of Tobacco before the holidays and we want your business. We are ready to serve you at all times to the limit of our ability.

UNION TRUST & SAVINGS CO.

Prepares To Distribute Christmas Checks

Maysville People By Hundreds To Receive Checks—\$30,000 To Be Distributed Tuesday, December 15th

From the stacks upon stacks of checks—checks by the hundreds—which the Union Trust & Savings Company is now writing—all "Christmas checks"—it would seem that bank will be the greatest Santa Claus in Maysville this year.

This is the second year that this bank has operated a "Christmas Club," and it success has been phenomenal. The membership has trebled since last year and the total amount to be paid out this Christmas amounts to the nice sum of Thirty Thousand Dollars. The members of the Club may get their checks by calling at the bank or after Tuesday, December 15.

If the old maxim, that "the proof of the pudding is in the eating," has ever been demonstrated to the satisfaction of all concerned, it has been during the last two years that the Union Trust & Savings Company has operated this Club in Maysville.

The hundreds who joined the Club last year and are now to receive substantial Christmas checks, found the Club more than proved its value. As a convenient, sure means of getting Christmas money without taking a lump sum out of the purse, it has no equal.

GOOD THING FOR MAYSVILLE.

The Club is a good thing for Maysville, too. Many people joined the Club so that they would be sure to have Christmas spending money—and they'll buy Christmas presents at Maysville stores.

Besides this, the Christmas Money Club will start many young men and women in the saving habit. Frugality always is beneficial to the community in a broad way.

This bank will have another Club for 1915, which will be open for members on December 21. If you were a member in 1914 you know the pleasure and value of the Club. Invite others in your home or among your acquaintance to join the 1915 Club with you.

ATTENTION, FARMERS!

WE ARE NOW READY FOR XMAS TURKEYS AND WILL PAY 14 CENTS PER POUND ON FOOT FOR NICE, FAT TURKEYS DELIVERED AT OUR HOUSE UNTIL FURTHER NOTICE. DO NOT FORGET TO PUT PLENTY OF STRAW IN YOUR WAGON AND BRING DIRECT TO US, AS WE ARE THE PEOPLE WHO STAY WITH YOU ALL OF THE YEAR 'ROUND.

REPORT OF CITY MISSION.

Benjamin Franklin said, "I think the best way of doing good to the poor is not by making them easy in poverty, but by leading or driving them out of it."

This is the hope of the City Mission—to lead the less fortunate of our little city to higher ideals of living.

Mrs. Brock and Miss Maxon read most interesting reports for the month of November, submitting these reports to the Board of City Missions on Wednesday afternoon.

Mrs. Brock reported 93 calls made; all religious services unusually well attended; 17 baskets given out Thanksgiving; 10 baskets given out at other times; 286 garments distributed; \$7.85 cleared from those sold; \$4.75 expended in responding to the many calls for assistance.

Miss Maxon's report was good, she feeling much encouraged over several phases of her part of the work. The attendance at the night school much better and the older illiterates were becoming interested. The average attendance of the story hour has been 41 during the month. Average attendance of the industrial schools, 41 also.

The school club of older boys and girls showed an increase in attendance. Miss Maxon interviewed Mr. White of the Union Bethel of Cincinnati, as to ways and means of getting at the young people. A vote of thanks was tendered Mrs. J. M. Young for assistance rendered during the absence of Mrs. Brock.

A contribution of \$5 was made to the municipal tree, so generously planned for by the Woman's Club.

Among the contributions received during the month were most generous quantities of bread sent by the Mission's friend, Mr. Traxel. One friend of the children of poverty gave one of our merchants an order for twelve pairs of good shoes for school children when they were needed. Eight pairs of trousers, six coats and vests were sent down to the Mission by another one of our merchants who never wears in well doing. A basket of fresh country provisions was also much appreciated. Plans for the Christmas work were discussed. Never before in the history of this work in Maysville has the need of the people been greater.

The city, always generous when possible, has cut down its pension list very considerable. These people have to be helped by some one.

To write a true report of the work of the City Mission for a month is not possible.

Every day is full of ministrations to body and soul of the many shipwrecked lives that seek a haven of rest at the sign of the "Mission Home" from problems too great for them to bear alone.

THE RIVER

The raise in the Ohio river has stopped work on the government dam just below New Richmond.

The excursion steamer Homer Smith, which was built at Jeffersonville, Ind., is now at Point Pleasant, where the owner resides. The boat is about the size of the Queen City, cost \$80,000 and will ply the upper Ohio.

Mrs. J. W. Crumbaugh, purser of the steamer Courier is very ill at her home in Augusta.
